

Shorts About Service Men

What the Boys are Doing Here and There

With the same old 'optimistic' note which has characterized his career in Uncle Sam's army, Roy Waters has arrived in North Africa with his hospital detachment. He writes to friends here announcing his arrival and the unpleasant journey across the Atlantic. All of us are glad you have arrived, Roy and hope the return trip will be very soon.

Signalman Bob Leamon left on Sunday accompanied by his bride for a sub-chaser school at Miami. He expects to be there two months before sailing once more.

Private Ray Mathis showed up in town again this week from Camp Beale where he is stationed.

Pvt. Gino Giovannoni came home this week with one of those documents that all of you fellows are waiting for—an honorable discharge—Gino was forced to attend a hospital session in Nebraska last week and the x-ray revealed a back injury that prevents him from further service in the air corps. He is reporting this week to a hospital in San Francisco before returning home for keeps.

Walter Mandeville of Tahoe, who will be remembered by all former local skiers may or may not be surprised to learn he enlisted in the Army Air Corps and is now located in Colorado. Mrs. Mandeville and their two babies hope to join him.

Sergeant William L. Rablin, son of the late Mr. and Mrs. Vivian Rablin, former residents of Truckee, spent several days here visiting his relatives, Mr. and Mrs. John Rablin and family. The sergeant recently returned from Kiska and will leave shortly for Vermont for further training.

The two Sanders brothers, Jack and George are still in there pitching. Jack is with the marines in the southern part of the state and Sgt. George is stationed in Texas with an infantry unit.

Captain Verne Nelson, formerly with Bank of America staff here, has moved again and is now stationed in Kansas. He shouldn't object too much as his home state of Nebraska is right next door.

Naval Aviation Cadet Frank Titus is taking advanced training at St. Mary's College at the conclusion of which he will be assigned to one of the major aviation fields to prepare for his wings.

Leo Cardinal is a machinist's mate second class in the SeaBees and is now stationed near Los Angeles and Mrs. Cardinal plans to leave today to visit briefly with him.

Pvts. Jimmy Thomas and August Esola returned to Camp Cook last Sunday after spending a couple of weeks at home.

Pvt. Charlie Pierce of the fighting 41st division engaged in the battle to clean New Guinea of the filthy Japs, has just rejoined his outfit following a month's stay in an Australian hospital where he was treated for jungle fever, Charlie and Phillip Kearney were among the first to land on New Guinea.

PYTHIAN SISTERS TO RESUME MEETINGS

Mrs. Violet Garner, most excellent chief of Summit Temple No. 79, Pythian Sisters, has announced this week that the fall sessions of the lodge will start next Thursday evening, September 23 and urges all members to attend the important meeting.

JEANNE McIVER IS MARRIED AT RENO

TAHOE CITY, Sept. 16.—Friends are learning this week of the marriage of September 9 in Nevada of Mrs. Jeanne McIver, former Truckee resident, to Willard Joseph Green of Tahoe City. A marriage license was issued to the couple in Reno, but no details of the wedding can be learned here.

Green was manager of the Tahoe Tavern stables this summer and Mrs. McIver was employed during the summer as desk clerk at Tahoe Inn. The bride is a daughter of Mrs. Josephine Crane of the Truckee river and is a niece of Mrs. Elizabeth Walker. Green is scheduled to accompany a pack trip into the back country in the immediate future. Best wishes of their Tahoe friends is attending them.

FREAK WIND RAISES ROOF AT HOME HERE

A freak whirlwind that reached near cyclone proportions Monday afternoon caused some damage on East River street when it ripped a section of shingles off the P. Petroni home and scattered lesser items in the vicinity far and wide.

A recurrence in almost the same location Tuesday afternoon sent bits of paper, weeds and other light particles into the air almost as far as the eye could reach.

Pvt. Harry Digesti wrote this week to urge that the recent Junior Game Patrol of which he was a leader, give the remainder of their funds to the Legion's cigarette drive. A check was sent to Harry for his signature and the money was spent as he requested.

Also a nice but short letter, this week from Bill Marts, now a sound man third class in the navy at San Diego. "Remember my saying that I hoped to be able to make sound school," Bill wrote, "Well I made it and have graduated as a third class petty officer. Now I am awaiting further orders and am hoping to be sent to the Aleutians." He sure picks nice places, eh, boys?

BOYS FIND ESCAPE-PROOF JAIL HERE IS EASY PICKINGS

When Constable N. F. Dolley turned the heavy locks on the local jail after his excellent job of apprehending the three boys charged with robbing two separate places on Donner Summit last week, he jokingly remarked:

"I'll give you boys two bits a piece if you get out of here."

Early Tuesday evening the boys walked into Dolley's office.

"Here we are, 'sheriff', where's our two bits?"

The officer was dumbfounded. The Truckee jail has defied the efforts of some of the most hardened criminals ever apprehended. He at first thought another officer might be playing a crude joke but when the boys accompanied Dolley back to the jail they gave him and other spectators a neat demonstration of how it was done.

"The little guy did it," they declared, "he wanted to, so we let him. Go ahead Fremont, show the 'sheriff' how it was done."

Within three minutes, the boys again walked through the door.

To make doubly sure they did not again escape, Dolley made extra precautions, but Wednesday morning when he went to the jail with their breakfasts, all of them were fast asleep, but both big iron doors stood wide open.

Dolley took them to the county jail yesterday, declaring that he was getting tired of having them wandering around Truckee at will.

The boys spent the two bits they had been promised on candy and comic magazines.

HUNTERS WARNED OF FIRE HAZARDS

A warning note to all deer hunters who expect to pursue their favorite sport in the forest and woodlands this season was sounded today by Supervisor Guerdon Ellis of the Tahoe National Forest.

The forest floors are tinder-dry, due to the lack of early fall rains, so a fire once started is not only extremely difficult to control, but represents a direct blow to our war effort. Fires destroy timber which could be used for boats, bridges and crates.

Patriotic hunters, warns Ellis, are to be certain before leaving camp that all fires are dead out. Further, patriotic hunters will not smoke except at places of habitation or at specially designated posted areas.

MUSIC FEATURED AT ROTARY MEET

Piano and vocal solos by Mrs. Jack Wolert and Miss June Van Sandt were features of the meeting of the Rotary Club Monday night. There were 14 members present and the visiting Rotarians included Stormy Weather and Joe Conklin of Loyaltown and Otto Fox of Auburn. Roy Thompson of The Cedars was also a guest. Dee Bowen presided and Lloyd Greene was program chairman.

GARNERS HOSTS AT BUFFET SUPPER

Mr. and Mrs. Lee Garner of Tahoe entertained Mr. and Mrs. Stein Nielsen and Mr. and Mrs. Lief Nielsen and four children at a buffet supper and party at their home Tuesday evening.

Louis Deimel who has enjoyed a vacation with the Garners this summer, returned to her home at Hawthorne, Nevada to attend school.

NEW TEACHER HERE FOR HIGH SCHOOL

Miss Lily Del Porta, a graduate of University of California at Berkeley who taught in the Laytonville high school last year, has been added to the staff of Meadow Lake Union High School, replacing Miss Anna Marie Munro. Mrs. Frances Rolle of Wisconsin, scheduled to replace Miss Munro did not arrive and wired that she could not come here so Miss Del Porta was employed instead.

Miss Del Porta will teach art, history, English and girls' physical education.

Three Hoodlums Rob Two Places Of Cash, Clothes

Local Constable Nabs Boys Following Looting On Summit

Three Ohio boys, 14 and 15 years of age are finding that crime does not pay.

The youthful confessed robbers of the Kline Coffee Shop and Lounge and the home of Eddie Aro both on Donner Summit, were apprehended in Sacramento last Friday after a state teletype message from the highway patrol here informed capital police of the crimes and the fact the three boys had boarded a west bound stage near Kingsvale shortly after the Kline robbery was discovered. It was not until two days later that the Aro burglary was discovered and the boys admitted looting that place of clothing, a guitar and sundry and varied other items of value.

The three boys, George Whittaker, 15, and Fremont Williams, 14, both of Niles, Ohio, and Charles McGrew, 15, of Unionport, Ohio, admitted they entered a window of the Kline place shortly after midnight Friday morning and emptied two cigar boxes of money, said to total nearly \$300. As they fled they were seen by a state patrolman and later connected with the robbery. When the robbery was discovered Constable N. F. Dolley was notified and started the task of apprehending the young hoodlums.

After their arrest, Dolley said, it was discovered they had looted the Aro house and all of the stolen items were recovered.

The boys were quite brazen about the whole matter, Dolley said, and readily admitted their parts, although the two older ones attempted to keep Williams from being involved.

All three boys said they have families in Ohio who gave them permission to leave on the trip west.

QUARANTINE MAN MARRIED AT RENO

Mr. and Mrs. L. F. Bradbury are living in the Harold Hart house following their marriage which took place at Reno September 11. The couple were attended by Mr. and Mrs. W. C. Gage and were feted at a party that evening with Mr. and Mrs. William Lester as hosts.

The bride is the former Irene Lynn of Bowman and Bradbury has moved from Auburn to Truckee to be employed at the state's border quarantine station.

GAIENNE CHOSEN ON MURDER JURY

NEVADA CITY, Sept. 16.—The trial of William Totten, charged with the murder of Harvey McVean on July 15, was resumed in the Nevada County Superior Court with a special venire on hand in an effort to obtain a jury.

Frank W. Gaiennie of Truckee is a member of the jury selected to try Totten.

ABSENT BALLOTS OF ELECTION COUNTED

The board of supervisors met in special session this week to canvass the votes cast at the recent special congressional election and count the absentee voters' ballots.

There were 162 absent voters' ballots received by the county clerk and of those Mrs. Grace Englebright received 143, Engle 12 and Mayo 6.

In the total count, Mrs. Englebright received 2506 votes, Engle 398 and Mayo 341.

The total vote cast was 3257.

MARRIAGE PLANS OF ROANNE LITTLE TOLD

The betrothal of Miss Roanne Little daughter of Mr. and Mrs. Richard C. Little to Truckee to Mr. Loren Dale Vertner of the Army Air Corps, was announced at Berkeley last Saturday when Mrs. Little was in the bay city to attend the formal wedding of her niece.

No date has been set for the nuptial ceremony, subject to army orders for the groom to be.

Miss Little is well known in the bay district, having graduated from Sonoma and Oakland schools and the Merritt School of Business. Since that time she has been employed in San Francisco and Berkeley.

Mr. and Mrs. Arthur Vertner of Weiser, Idaho, are parents of the future benedict.

by WALTER M. BARRETT

The story of the youthful jail break made here this week may have all the earmarks of a good joke, but a little serious thought robs it of any laughs. Better than anything else, it points out the trend of the juvenile mind in war time. The three boys are not hardened criminals, to talk to them you would find them just about like the average youngster of their age, but they are tasting adventure of the wrong kind and are not mentally or morally equipped to tell the difference between wrong and right. Too often this type is discovered in otherwise intelligent and apparently normal children and it is one of the tragedies of war. It is also a good example of why we so desperately need the Boy Scouts and kindred organizations to keep the mind of the American youth on the proper perspective.

Truckee and the whole region was deeply shocked this week with the news of the death of Mrs. C. E. Smith, pioneer local resident and member of one of Truckee's most highly respected families. Her life was filled with kindness and charity and to her family and legion of friends her memory will live on as one who performed life's tasks well.

Truckee for the past several days has been host to the greatest number of deer hunters ever to frequent this favorite hunting center. This in spite of a mileage rationing program that must have caused many of the visitors to save up gas and share rides to the limit. The influx should show the trend which we may well expect after the war. Truckee should never permit anything to deprive it of its attraction as a true recreational center. And by this we mean that we should do all in our power to protect our fish and game, our natural resources and our open friendship for our visitors.

Have you bought an extra war bond this month? If not don't forget we are pledged to back the attack. The very least we can do is lend our money. Heaven knows our boys out there are doing far more than they expect of us. Let's do the best we can to justify their faith in us.

SONS BENEFIT FROM ESTATE OF GIFFEN

Two sons, Ralph R. Giffen of San Francisco and Hale Giffen of New Orleans are the lawful heirs to the estate of Dr. Royal B. Giffen, Sacramento dentist and former resident of Truckee, who died in Sacramento September 3. The value of the estate was in excess of \$10,000.

BINCKEL KIN DIES AT LOS ANGELES HOME

LOS ANGELES, Sept. 16.—Funeral services for Mrs. Margaret Purdy Doan, 83, California pioneer, who came to California 72 years ago, were held in Los Angeles August 27.

Mrs. Doan at the age of 12, settled in Truckee where she lived with an uncle, E. J. Bickel, pioneer lumberman whose mills provided for the building of Virginia City during the mining rush there. For the past 50 years she had lived in Los Angeles.

Four of seven children survive her.

ANNE HAYES FETED ON 9TH BIRTHDAY

A theater party followed by the serving of refreshments last Saturday evening were highlights of the birthday of Anne Hayes, daughter of Mr. and Mrs. M. C. Hayes of the state quarantine station. A number of little friends were invited to share in the celebration.

MORE WOMEN ADDED ON DANCE GROUP

Mrs. A. P. Leitch, chairman of the dinner and dance to be given at Capital hall on Saturday evening, September 25, announced this week that Mesdames W. M. Englehart, Jr., and E. L. Loynd have been named on her committee. Mrs. N. F. Dolley will design the costumes for the entertainers in the floor show which will be a bright spot during the affair and Mrs. John Wolert and Mrs. H. G. Loehr will provide the music. Reservations must be made with Mrs. Leitch.

Mrs. Gertrude Smith Expires In Nevada; Was Well Known

Last Rites Are Held Today For Member Of Pioneer Family

Last rites will be held for Mrs. Gertrude Smith today at 2 o'clock at the Odd Fellows hall with the service to be read by Rev. P. H. Willis of Sparks and under the auspices of Naomi Rebekah Lodge No. 2 of which Mrs. Smith was a past noble grand.

Mrs. Smith was visiting in Nevada when she was stricken ill Sunday. Taken to a Reno hospital she expired Monday afternoon.

The deceased was a native of St. Louis, Missouri, coming west to Carson City, Nevada, when a young girl. It was there that she was united in marriage to Charles E. Smith, 43 years ago this approaching November. The widely known couple made their home in this community during those years and Mrs. Smith has made herself beloved to her many friends by her earnest devotion to her community, her church, lodges and family.

Her husband, a son, Earl H. Smith and three grandchildren, Earl, Gertrude and Charles of Truckee and two sisters, Mrs. Fannie Ridler and Mrs. Lizzie Twaddle, both of Carson City, survive her.

The deep sympathy of the entire community is extended to the bereaved family.

TEACHER SPEAKER AT LIONS MEETING

W. W. McEwan, teacher at the local grammar school and a student of Robert Burns, famous Scottish poet, gave an interesting talk before the Lions Club Monday night, bringing out the effect the immortal poet and his work had on the development of the speaker's native land.

N. F. Dolley presided and Elden Tonini was program chairman. Geo. Atkins of the Sacramento club was a guest and spoke briefly.

The club voted to change its meeting date back to Wednesday evening and the next session will be held on September 22.

A. P. Leitch was named chairman of the committee to arrange for the annual charter night program.

PATROL APPREHENDS HOSPITAL PATIENT

Edward Ray, 29, who was alleged to have escaped from the state hospital at Stockton recently, was apprehended by military police on Donner Summit last week and returned to state officials by the state highway patrol.

MRS. LITTLE ATTENDS MARRIAGE OF NIECE

Mrs. Richard Little attended the wedding of her niece, Miss Barbara Sorricks, who was married to Lieut. Scott Goodfellow, USN, on Saturday September 11 at St. Mark's Episcopal Church at Berkeley. Rev. W. R. H. Hodgins officiated. A large reception was held on the terrace of the Sorricks estate following the nuptial ceremony.

NEWLYWEDS RETURN TO HOBART HOME

Mr. and Mrs. Frank Kuse are at their Hobart Mills home after a wedding trip in the bay district which followed their marriage in Reno two weeks ago. The bride is the former Ruth Piper of Truckee who has lived here for several years. Kuse has been employed at Hobart Mills for many years and is widely known in local lodge circles.

Ill in Hospital—

Charles Cabona was taken seriously ill Saturday and was taken to a Reno hospital for treatment.

At Lake Home—

Mr. and Mrs. George Atkins of Sacramento and Oliver Orrick of Woodland were guests at the Ray Hughes home at Donner Lake this week.

Leaves Tahoe—

William Lambert has left Tahoe for Visalia for the winter months.

Former Residents Here—

Mr. and Mrs. Ed Pitts of Herlong Nevada, and Mr. and Mrs. Orlan Sanders of Sunnyvale are visitors here this week. Mrs. Virginia Bolter also of Sunnyvale is a guest of the Sanders.

Record Crowds Assemble Here For Deer Hunt

Local Man Bags First Deer On Martis Flat This Morning

While it is virtually impossible to estimate the number of deer hunters in this area for the opening of the deer season today, observers, including Game Warden Bill LaMarr declare the number exceeds all previous opening day crowds.

The first buck validated by Slim Ellert at the Truckee Sport Shop, principal validation point, was a 100-pound buck killed by John Franklin of the Walker home on the Truckee River. It was reported killed on Martis Flat shortly after sunup.

Three deer killed the day before the season opened were being held by Game Warden Bill LaMarr who is investigating the killers before he makes an official arrest.

Stores and bars throughout the entire area are hard pressed to meet the wants of the hunters, many of whom came with an abundance of camping equipment prepared to stay until they bag their bucks. LaMarr said that approximately 50 hunters were in the immediate vicinity of one small peak near here last night ready for the opening hour.

While there are more deer than on the average opening day in the district, observers believe that there are more hunters than deer. The season closes October 15.

LARGE TROUT ARE PLANTED HERE BY TAHOE STATE MEN

Believed to be the finest crop of rainbow trout ever planted in the Truckee River, the crew from the Tahoe Fish Hatcheries headed by Allan Pollitt last week brought 30,000 of the fall-spawners to the district between Truckee and Boca.

The plant supplements earlier restocking with 25,000 loch leven from the Mt. Shasta Hatchery and it is proposed to add still another 80,000 from the Tahoe Hatchery in the near future.

The current plant of trout range in size from three to seven inches in length and are of the hardy variety of fall-spawners, believed better for local waters.

The fish were transported from the hatcheries in specially constructed trucks with airtight cans and the loss through hauling was nothing.

All of the 135,000 trout planted in the river this season are larger and in better condition than any previous plant, fish experts declare. Aside from the Truckee river, all nearby lakes and tributary streams were heavily stocked.

NEARLY \$200 RAISED IN CIGARETTE FUND

Truckee again has proven that it can be depended upon to go over the top in a really worthwhile endeavor.

A total of \$196.46 was collected by local groups to provide cigarettes for men overseas in the armed services.

Through the efforts of the American Legion Post, assisted by the Boy Scouts, \$146.45 was realized and the Truckee Lions Club sent separately an additional \$50. Included in the sum raised by the Legion the Rotary Club contributed \$10, the Eagles \$10 the C. S. E. A. \$5 and the Junior Game Patrol, now disorganized, turned its treasury inside out to add \$22.41.

Commander Bert Weeden of the Legion expressed the gratitude of the post to the contributing agencies and individuals.

The Truckee contribution means that 200 cartons of cigarettes will be sent to men overseas.

CAPITAL MAN TO HAVE TAHOE HOME

SACRAMENTO, Sept. 16. G. Daum, local sportsman associated on the auto row for many years, has left the automobile business and taken up residence at Lake Tahoe where he expects to enter business.

RESIGNS POST

Miss Evelyn Reynolds, former local high school teacher and more recently home economics instructor at the Grass Valley school, has resigned her position there to continue war work in the bay area.

Politically Speaking

By LLOYD LAPHAM
(United Press Staff Correspondent)

SACRAMENTO, Sept. 16.—(UP)—The prohibition party in California will hold a meeting in Los Angeles next month to select the 52 delegates which it is entitled to send to the national convention at Indianapolis. The party is getting the jump on major political organizations by holding its convention this year, November 10, 11 and 12 to be exact.

J. W. Farr of Oakland, the state chairman of the party, announced this week that the California section will hold a meeting in Los Angeles next month to select the 52 delegates which it is entitled to send to the national convention at Indianapolis. Farr denied that the party has any idea of plumping for local option, or any other regulation of the liquor industry. "It is our attitude that the liquor industry is a crime against society,"

America needs men who can STAY on the job. 90% of lost time in war work industries is due to sickness—not accidents. This work loss will reach a high peak this winter unless all workers strictly adhere to the rules of health.

Look at these figures! In 1941 illness caused a loss of 100 million man-days of work. Upset stomachs were responsible for the loss of 25 million man-days. The common cold caused a loss of 45 million man-days. Eye strain and ailments caused a loss of 35 million man-days.

Take care of yourself OFF the job—at home as well as on the job. Plan and eat nutritionally balanced meals for body strength and energy. Keep your home heated at healthful temperature, neither stuffy hot or goose-pimpling chilly. When you use your eyes give them adequate light for restful, comfortable seeing.

Conserve your health. Do your part in the National Health Protection Program this winter.

Landings Force Italy's Surrender

When Allied forces swept across to the mainland of Italy from Sicily in the areas shown on the above map they gave a demonstration of such terrific power that Italy's unconditional surrender was quick in coming. General Dwight Eisenhower announced the surrender and it was under his command that the combined United Nations' armies forced the issue.

he said. "There is no more right in licensing the sale of liquor than in licensing robbery or any other crime." "Outright prohibition of liquor traffic is and always has been the goal of our party."

Farr also disclosed that a Californian may be the party's nominee for president next year. The California delegation will back Claude A. Watson, a Los Angeles attorney who was vice presidential nominee for the party in 1936, and Farr believes Watson may be the choice of the Indianapolis convention.

Roger W. Babson the business analyst, was the party's nominee for president in 1940.

Party officials are concentrating on building up prohibition registration throughout the state, Farr disclosed. He said the party had a California registration of 5,389 at the last election and hopes to build it up to 100,000 by late 1944 Babson received some 80,000 California votes in 1940.

Farr said he believed the party was in no danger of being eliminated from the California ballot under the 1943 Dilworth law requiring political parties to have registration of one tenth of one per cent of the total.

The prohibition party assumes new significance in the 1944 election because it is the only remaining minor party clearly qualified to place candidates of the California ballot.

The socialist and progressive parties were eliminated in the 1940 election and the Townsend party dropped by the wayside last year under the general election law requiring at least one candidate of a minor party to poll three per cent or more of the total vote at any election.

Consequently, the protest vote cast at any election is expected to go to the prohibitionists.

The fate of the communist party is in doubt, with a court suit still in progress to test the effectiveness of a 1941 law requiring a party to have at least 2500 registered voters for qualification.

Farr said that although the prohibition party regularly adopts a platform stating its stand on problems other than liquor he had no idea what sort of plank would be put in this year's platform on international affairs.

However, he said, the party feels generally that it should worry first about creating a "strong, clean, Am-

erica" before talking about international cooperation.

The recent election of State Senator Clair Engle of Red Bluff as congressman from the second California district brought forth a story maybe true, maybe not. Engle's opponents were State Senator Jesse Mayo and Mrs. Grace Jackson Englebright, widow of the late congressman.

A hard rock miner, the story goes

RPM
sticks where it's
needed most

Temperatures zoom up to 3000 degrees or higher inside your engine—and where heat is highest, wear is greatest. You can count on RPM (Thermo-Charged) to stick to those hot spots, give them a tough, dependable film of lubrication. Other oils crawl away from heat, but "RPM" is specially compounded to stay put at blowtorch temperatures.

Oil takes a beating with rationed driving—Drain and refill with "RPM" every 1000 miles—Do it on the dot!

RETAIL SALES SHOW DROP OF SIX PER CENT IN JULY

SACRAMENTO, Sept. 16.—(UP)—Sales of independent retailers in California fell six per cent below June levels in July of this year, the department of commerce revealed today but were 21 percent over levels of July, 1942.

Sales during the first seven months of the year were 20 per cent greater than in the same period of 1942. The figures are based on reports from 2,596 stores, not including department stores.

walked into the polling place in one of the mountain counties and asked for a ballot. He took the slip, looked it over and said:

"Hmph, Clair, Grace and Jesse. Three females. I ain't gona vote for no woman."

He handed the ballot back to the clerk and walked out.

STATE VICTORY BOOK CAMPAIGN GETS RESULTS

SACRAMENTO, Sept. 16.—(UP)—Since January 1 the state's victory book campaign has netted 259,345 books for the armed forces, it was reported today by the state librarian. The books are sorted and stored in a northern California warehouse under supervision of the state librarian then sent to the army, navy USO clubs the Merchant Marine Association and other organizations for distribution to members of the fighting forces.

LAKE TAHOE NEWS

(BY SWANEE)

Telephone Tahoe City 66J

TAHOE LETTER

To the Service Men
From SWANEETahoe City,
Sunday, Sept. 12.

Dear Tahoeites:

Sunday again, and a beautiful one. Lately the lake area swarms with lads in uniform, most of them from Camp Beale and Mather and McClelland Fields near Sacramento. I talk with many of them and all agree that Tahoe is the prettiest place they have seen since entering the service. Many tell me the dust and heat and barrenness of former desert camps and say they wouldn't mind spending the rest of their lives in the service—if they could spend it at Tahoe. They are all grateful to their superior officers for even a brief vacation here and we are happy to have them with us.

Last week end a group of some 100 boys from Camp Beale enjoyed a short stay at Chambers Lodge where they erected temporary quarters. On Saturday night they entertained as their guests a number of local girls at a fish dinner at their camp followed by vocal numbers and renditions by the Camp Beale seven-piece orchestra, the Krazy Kats. Later the group ventured to Meeks Bay where their orchestra played for the dancing until midnight. Girls were invited to attend and aid in the entertainment of the boys. They came from Reno, Brockway, Tahoe, Homewood and Meeks Bay.

Last Sunday another son of the Tahoe region left to join the air corps. He is Walter Mandeville of Lake Forest, known to his family and intimates as Brush. Walt leaves behind him to carry on a wife and two husky youngsters, little Skipper, 2, today and Valerie, chubby little five months old daughter. Mrs. Mandeville said today that her husband's heart had long been in the realms of aviation and he was anxious to join up and do his bit. She plans to leave in the near future to visit with members of her family in Wisconsin for a while but later may try to find accommodations near her husband.

Tribute to Fallen Attu Heroes

On a lonely strand of land on the far northern island of Attu, wreaths are placed on the graves of fallen American fighters as a bugler blows taps.

When Walt arrived at Buckley Field, Colorado, he was pleasantly surprised to find two of his old hometown buddies on hand to greet him, Rodney Yeakel and Dave Renner, and what a gab-fest they must have had. Both Dave and Walter were ace performers for the Lake Tahoe Ski Club for years and many a medal and cup we have seen them win in earlier days when winter sports were in their prime. Of these two we might say—They flew through the air with the greatest of ease, these daring young men on their long jumping skis; they raced with abandon, gave never a darn. Now soon they'll be aces for Uncle Sam! Happy landings, boys, to the three of you. Anyone wanting Brush's address may have it on request from me.

Home on furlough for 15 days was SeaBee Al Williams who worked for several years at Tahoe with Henry Wehrman, as engineer. Stationed for some time at Rhode Island, he has been transferred to San Francisco. He enjoyed visiting around town and at the Tavern where many of his old friends are still employed. Despite her recent illness, Mrs.

Rose Boyiades of the Bittencourt Tract Thursday night gave a combination party and bridal shower to Mrs. Winifred Merrill, the former Babe Harris. Mrs. Merrill has assisted in the operation of the Honey-bunch Cafe and fountain all summer, but left Friday for Pasadena. She plans to visit her mother there for a week or so and will then leave for Washington to be near her husband, First Lt. William Merrill at Seattle.

One of the happiest lads in town this week is Pete Vanni. He was notified on Wednesday that he was to have his blood test in Auburn on September 14 and he had already planned to pack in with friends to Gray Horse on Monday. Pete's spirits were crestfallen, until he received an answer to his request for postponement from his draft board which gave him the green light until after September 20. And so he is sure of one last good buck hunt for a time anyway, thanks to the leniency of the D. B. Accompanying him on the trip were Gene Rogers of San Francisco, Dick Myers, formerly of Tahoe City and Carl Becholdt, Jr., who is

THREE STUDENTS
AT TAHOE HURT
IN CLASS MISHAP

TAHOE CITY, Sept. 16.—Three students at the Tahoe branch of the Placer Union High School sustained eye injuries last Wednesday morning when the cover blew off a 12-ounce can of commercial bleaching powder. Richard Hinkle, Donald Davis and Malcolm Sinclair were opening the container for examination during chemistry recitation when the accident occurred, throwing the contents of the can into their eyes and about the room. After first aid treatment at school all three were rushed to Truckee for further treatment by Dr. J. H. Bernard. He later put the three boys under the care of a specialist at Reno.

Injuries to Davis and Sinclair proved slight, but Hinkle, son of Dr. and Mrs. George George Hinkle of Tahoe City, was not so fortunate. He has been detained at St. Mary's hospital since last Wednesday and at this writing was still under observation there. Latest reports indicate he is responding to treatment his eyes having been bandaged since the accident. Barring possible infection, the sight will not be impaired and no permanent ill effects will be suffered.

The accident is one of several that have occurred in recent months throughout the country, following the handling of container of substances. Commercial bleaching powder, commonly known as chlorinated lime, is widely used as a household disinfectant. Since the Tahoe accident, Mrs. Bliss Hinkle, principal of the school,

making such rapid strides in recovering use of his legs that he feels perfectly confident that he can make the trip without any harmful results. The group drove by car to the head of Deer Park and from there on made the 12 mile trip by horseback. Here's hoping they bag the limit.

Mrs. Ed Wagner of Lake Forest has learned that her only grandson, 19 year old Robert Burkhardt of Santa Barbara has received a promotion and is now yeoman second class with prospects good for another raise in rating in the near future. Bob wrote that his birthday, July 4, this year was enjoyed far more than usual. He was given shore leave from his transport on that day at Melbourne and really celebrated. He has been in the service for 13 months and is saving a nice bank account for the more peaceful days after the war.

Just this minute learned the glad tidings from the George Hinkle home in the Bittencourt Tract, where the elder Hinkles have returned from Reno, weary from a strenuous day and night awaiting the arrival of the stork. It was yesterday that they drove daughter Sue (Mrs. Donald Enfield of Los Angeles) to the Reno hospital and at 4 this afternoon an adorable little daughter with coal black hair and a double chin, according to proud Grandfather Hinkle, arrived. The baby weighed 7 pounds and she has been named Deirdre and she and her mother are both reported doing nicely.

The Hinkles have undergone some anxious moments during the past five days for their only son, Richard has been under observation in the same hospital, having suffered a painful accident last Wednesday to his eyes. The incident is covered elsewhere in the paper today. Dick on Sunday was reported responding to treatment and barring possibilities of infection will suffer no permanent injuries to his eyes. He planned to return home the first of this week.

Oh yiwsh I could send you all a colored photo of the sunset over the mountains as it looks tonight, with the deep band of hazy blue along the mountain ridge, blending into the vivid rose of the setting sun. Not a single ripple stirs the lake waters and the silence is broken only by the drone of planes traveling the lofty skyways. Wind and clouds we had during the past week and here and there the leaves came dancing by as the song of autumn whined in the tree tops. We are getting in our winter wood and filling our larders and more and more homes are shuttered and dark with each passing day. Summer is almost gone and soon only we natives will be left to await the coming of winter rains—and snow.

The news continues good, but we know that victory is not yet won. The third war bond drive is meeting eager acceptance on every hand, according to reports coming in everywhere indicating that the folks back home are ready and anxious to put their shoulders to the wheel of war production that you boys may have more and better food and equipment faster and mightier tanks and trucks bigger and better battleships and every comfort and necessity it is possible to furnish you. Every dollar we at home lend for this greatest of all causes will shorten by just so many moments and hours the actual mortal conflict.

Every blessing and all good wishes from the folks at home—May victory and peace be ours this 1943.—

As ever,
SWANEE.ILLNESS ATTACKS
TAHOE RESIDENTS
DURING PAST WEEK

TAHOE CITY, Sept. 16.—Illness again claims several prominent Tahoe citizens, who happily are reported improving steadily.

W. A. Simmonds, gate tender and record custodian of the Tahoe dam, was returned to St. Mary's hospital in Reno last Thursday. Only recently he spent some days there with a severe strep throat. His latest siege is believed the result of poisons still retained by his system. His wife, Mrs. Ida Simmonds, has remained at his bedside to assist with his nursing, but returned home Sunday when his condition appeared much more favorable. Stanley Martin is serving in Simmonds' official capacity during the absence of the latter.

George Tiffie of Sunnyside, caretaker at the McClatchey estate is also again in the veterans' hospital in San Francisco as the result of the recurrence of an illness that kept him at that institution for several weeks recently.

Word from the bedside of A. B. Johnson of Tahoe Park, who was taken from his home here some time ago, to return to his home in Los Angeles by ambulance, is most discouraging, according to word received by friends.

has learned that army officials have warned all personnel of the dangerous condition of recently issued lots of this compound. Investigations are now under way to determine the cause of the chemical action and all using it are warned to handle the cans with extreme care.

FDR says:

Originally we asked for 10 percent in bonds; now we need considerably more.

INJURED IN FALL

TAHOE CITY, Sept. 16.—Misfortune befell Mrs. Claire Black of Lake Forest this week. As she prepared to close her palce and leave for her home in Oakland, she fell over a box left in the driveway and received a badly injured wrist. Mrs. Ed Wagner accompanied her to Reno where an examination revealed a broken bone. The attending physician set it and placed it in a cast, but the pain was so severe after she reached Oakland that the bone had to be broken and reset. She is now convalescing with a cast worn all the way to her shoulder.

To the People
of this Community:

ARE YOU REALLY AT WAR?

What does it mean to be at war? Less gasoline for your car? Less sugar in your coffee? Higher prices for your food and clothes? Separation from your husband?

Sure, it has meant all those things, some serious and some really trivial for a period when your actual safety is at stake.

But has the war meant BLOOD, SWEAT AND TEARS to you? In many instances YES. The first stage of invasion has already pushed our casualties over the 100,000 mark.

The gold stars which decorate thousands of our homes today are a challenge to the vast majority of us to do our best in the Third War Loan. No good American wants to see one more gold star added to the firmament of glory. We educate our youth for life, not for death. If they die, they die so that we might live. Every extra War Bond you buy today will back the invasion so that the war will be shortened and so that there will be less blood, sweat and tears for you and your friends.

Beware the Effects of Over Indulgence

Tahoe Briefs

By SWANEE

Friends of the Bernard Corrigan, formerly of Tahoe and Truckee are learning of the arrival of a second child, a little girl, named Bernadette Jean born at San Francisco August 28. Their other little girl is Patsy, now two and a half. Corrigan taught here and in Truckee but is now on the staff of the Mendocino school.

The Stanley Martin home in town was filled to capacity over the last weekend with out of town guests, among them Mrs. Martin's sister, Mrs. M. B. Gaylord of Merced and Mr. and Mrs. Francis Coddington of Yerrington. Mrs. Martin's parents, Mr. and Mrs. George Keith of Reno are also spending the week with their daughter.

The lake level on Monday, according to Stanley Martin, stood at 6228.10 with 369 CSF of water leaving the gates. Temperature on Monday morning early stood at 37 with 72 degrees registered for Sunday's high.

Mrs. John Reedy and her sister, Miss Anne McDonald of Timberland closed their summer home and left for their San Francisco apartment Tuesday after enjoying the summer months at the lake.

Mrs. Rose Boyiarides plans to leave the first of the week for San Francisco where she will rest and recuperate from her recent illness. Her physician has placed her on a special diet for seven weeks. She was accompanied by her niece Mrs. Bea Daldas who has been acting as her nurse.

Carl Olander, new owner of Forest Inn and his mother, Mrs. Helga Olander left Tahoe last week for their home in Oakland. They plan to return after the first of October for another visit before winter.

Mrs. Floyd Carnell is visiting this week with her parents, Mr. and Mrs. C. A. Krueger of Beverly Hills. Her father surprised her by driving up to get her on Friday, eliminating the

WAR BOND DRIVE AT TAHOE SHOWS EXCELLENT SUM

TAHOE CITY, Sept. 16.—According to Mrs. Howard Johnston of Pine Crest, wife of Tahoe's chairman of the third war bond drive, a total of between \$15,000 and \$16,000 has been pledged Monday morning. More is forthcoming but with many of the summer residents gone, it remains to be seen whether the quota of \$40,000 will be reached.

Johnson has been away for several days on business in Oakland and planned to stop at Auburn to arrange for bond purchases through a Placer County bank, as bonds purchased at the Truckee bank are credited to Nevada County.

The deadline for the drive is Sept. 30 and all Tahoe residents, whether at the lake or away are urged to contact through the mail, either Mr. or Mrs. Johnson and arrange for the purchase.

doubtful pleasure of a bus or train trip.

Floyd Carnell will depart in the near future for a well-earned vacation during which he plans to visit with his mother in West Virginia. He also has seven brothers and sisters and other relatives whom he has not seen for years. He will probably be gone a month or more.

Mrs. Gace Briggs has closed her Sunnyside home and departed for Sacramento for the winter.

Occupying the Frank Drury home in Lake Forest for a week are Bill Oliver, former Lake Forest plumber, with his children, Anna Rae and Walter and Arthur Delbo. Their home is at Auburn.

Mr. and Mrs. A. Gallierani of Tahoe north end are proving the falsity of the theory that the lake region summer is too short and too chilly to raise corn on the cob, strawberries and tomatoes. For already they are eating the corn, the berries will be ripe soon and green tomatoes are ripening on their vines. This is indeed a rare bit of news and will probably find others emulating the example.

Mrs. Rose Boyiarides last Thursday entertained at her home friends of Mrs. William Merrill who left for Pasadena to visit her mother. Many lovely bridal gifts were received by the honoree, following the serving of cocktails and sandwiches. Those attending included Mr. and Mrs. Bert Watson, Joyce Reynolds, Betty Farrell, Mrs. Rena Alexander, Kitty Little, Florence Vernon and Bill Raver.

Mrs. Carl Bechdel, Sr., left last Monday afternoon from the Reno airport by plane to visit with her son, Bill, training with the mountain infantry at Camp Hale, Colo. Bill reports that he must again enter the hospital for treatment of the cyst on his neck which has been giving him a bad time, but the arrival of his mother will be welcome.

PENALTIES ISSUED TO VIOLATORS IN MILEAGE RATINGS

Speeding, abuse of tires and unnecessary use of supplemental gasoline ratings issued for occupational purposes lead the list of offenses for which 352 motorists in 24 northern California counties were penalized during August, James J. Boyle, the director of Office of Price Administration activities in the are announced today.

"Reports from the local War Price and Rationing Boards indicate the fine job they are doing in dealing with those who are unwilling to do their part in meeting the exigencies of the war," Boyle said. "We are proud of the efforts of the volunteer workmen on the tire and mileage panels and we are confident that the average motorist also appreciates the efforts in his behalf."

While penalties given by the boards vary with the seriousness of the offense, the average speeder has his ration book revoked for a period of from 30 to 90 days, according to the survey.

Motorists were again warned by Boyle to endorse their coupons correctly and to display the indelible sticker corresponding to their ration. Holders of B or C rations should display B or C stickers.

BROWN STAMPS IN WAR BOOK THREE ARE NOW VALID

The Office of Price Administration today reminded shoppers that the brown stamp A in War Ration Book No. 3 may now be used for the purchase of meats, fats, oils, butter and cheese.

The brown stamps can be used simultaneously with the last red stamps in Ration Book No. 2—stamps X, Y and Z which will expire October 2. After October 2 only the brown stamps will be valid.

Brown stamp A and brown stamp B, becoming valid September 19 will expire on October 2. The next four brown stamps, all expiring October 30 will become valid on the following dates: Stamp C, September 26; Stamp D, October 3; Stamp E, October 10 and Stamp F, October 17.

The OPA said it would not be necessary to bring into use stamps replacing the blue stamps used for canned, frozen and ried foods until November.

To the People of this Community:

DRIVE DEPENDS ON YOU!

Would you take a free ride on a wounded soldier's back? That's exactly what you would be doing if you did not do your duty in the Third War Loan.

Your idle weight would be felt by him on the battlefield. Every civilian counts in this kind of war. Every civilian must make his energy and his dollars work for victory.

Keep in mind that while our national goal in this drive is 15 billions of dollars, this money is being borrowed from you and you and you. You are, as an individual, the deciding factor as to whether we reach this goal. An extra \$100 War Bond becomes an extra rifle, extra bullets and extra fighting power of every type.

THE EDITOR

SUCCESSFUL PARENTHOOD

By MRS. CATHERINE CONRAD EDWARDS,
Associate Editor, Parents' Magazine

CHARACTER BUILT BY EVERY-DAY ATTITUDES

Parents often become discouraged with trying to mold their children's characters and excuse themselves by saying, "Oh, well, nothing we prepare them for will happen anyway — they'll be up against things we never even thought of." Quite true—certainly the parents of fourteen-year-old Lucy Bertucci couldn't have known when she was a child that she would be called upon to rescue a drowning boy. But Lucy did just that in spite of the fact that twice he pulled her down with him. When it was all over Lucy wouldn't have a thing to do with this heroic business. "I just did what I was taught to do," she said, and then added, "I think it was in our etiquette lessons." I don't know when I have come across anything so revealing of the truth that character is made more from small everyday attitudes than from specific lessons about how to act in given situations. Lucy had been taught to exert herself for the comfort of others through courteous behavior, she had been taught to value human life and to be modest about her own accomplishments. And all these came magnificently to the front in the incident we have just described.

In the same way you can't tell a child to be happy and expect that to produce amiability as a life-long asset. But if children live in a home where the father and mother are happy, good-natured people, they drink in happiness and good nature with the very air they breathe. No one talks about it to them—they just naturally acquire this desirable character trait.

Now take the opposite picture as a warning of what to look out for—the man or the woman who can't get along with other people. For all the fine qualities in the world do not make a man or a woman

happy unless he can get on with other people, like them and be liked by them. Not every one can be the life of the party, not every one has a dazzling personality, but any one who is not warped or hurt in childhood can get along with other people. Then why do some men and women fail in this most important part of living? They fail because they are jealous or resentful, because they do not trust other people, or because lacking confidence in themselves, they can not let themselves go, can not be natural and outgoing and friendly. Unhappiness at home, lack of love and trust between parents and children, jealousy between brothers and sisters, too frequent failure bringing with it a sense of inadequacy, are experiences which, left unresolved, embitter a child in his relation to others. These are some of the reasons behind the people who never learn to live happily with others.

Another thing, too often we think of character education only as inculcating moral virtues. And yet the way a person goes about his work is a most important part of his character. You can't make a slow child speedy nor make a quick one slow and methodical. But you can teach a slow youngster to start a job in time so that it is finished when it should be. And you can impress upon the glib mind the necessity for thoroughness.

No, we can not hope to prepare our children in every respect for the world in which they live. The world changes too fast. But we can as parents realize this and keep mentally flexible enough to face courageously new problems of living. And we can keep constantly building in the young such good, old-fashioned virtues as honesty, fairness, courage and kindness.

TRUCKMEN ASKED TO SUBMIT PAPERS IN GAS REQUEST

Operators of commercial motor vehicles eligible for truck gasoline rations are advised to submit their certificates of war necessity to their local War Price and Rationing board immediately in order that their renewal rations can be in their hands by October 1, C. B. White, clerk of the Truckee board announced.

All holders of TT rations must visit their boards in order that applications can be checked and certificates of ar necessity reviewed at the time. Renewal coupon books will be mailed to operators, however.

To conserve time operators are requested to bring their certificates of war necessity, make certain that the changes of ownership have been reported, correct any change in address or operating status and make applications in plenty of time.

LAUNDRIES MAY CUT OUT FRILLS IN NEW OPA RULING

A list of "frills" which laundries, dry cleaners and linen supply establishments may eliminate without a reduction in their retail prices was announced today by the Office of Price Administration.

This action, to achieve substantial economies and to conserve materials, machinery and manpower, means that such "frills" parts of the laundry service as starching flatwork; the use of shirt boards, shirt envelopes, cellophane wrappings and tissue box linings; retouching flat work and sewing buttons on underwear and pajamas may be discontinued without a reduction in the service price.

TRANSPORTATION OFFICIAL WARNS OIL DISTRIBUTORS

SACRAMENTO, Sept. 16.—(UP)—The Office of Defense Transportation today urged local distributors of fuel, oil, gasoline and other petroleum products in labor shortage areas to have their activities declared "locally needed" by the war manpower commission. The ODT warned that the manpower pinch in distribution of such products will become tightened with the arrival of winter. Many tank truck drivers and mechanics have taken war plant jobs during the slack summer months, ODT said, and if local distributors are unable to re-staff their fleets this winter there will be cold homes as a result.

TRAFFIC DEATHS SHOW DECLINE DURING JULY

SACRAMENTO, Sept. 16.—(UP)—Figures just released by the state department of motor vehicles show that traffic deaths during July were fewer than in the same month of last year in California. Last July there were 198 deaths caused by traffic accidents on California highways, the department said as compared with 214 in July 1942. Up to June 1, of this year 2,675 drivers involved in deaths and injury accidents were known to have been drinking intoxicating liquor. They met death or injury in a total of 2,567 accidents of which 812 occurred on rural roads and 1,764 in cities.

COMPARE

a Mail-Well Envelope

with any Envelope and you will readily see the superiority of Mail-Well construction

Notice in the above illustration the entirely different construction of the two envelope flaps. Figure 1 shows the old style flap. Figure 2 shows the "Mail-Well" flap which has been designed to protect the contents of the envelope. The outstanding advantages of this special high shoulder flap are:

- It allows adequate room for heavy gumming at the corners, the envelope's weakest point, where added protection is most needed.
- It assures safe delivery of the contents even when stuffed to capacity.
- It gives easy access to the letter opener although sealed nearly airtight.

You can best judge the merits when you have a Mail-Well and any other type envelope in your hands. Let us show you samples—a comparison will readily convince you of the added protection given your mail by Mail-Well envelopes. You will be under no obligation to order.

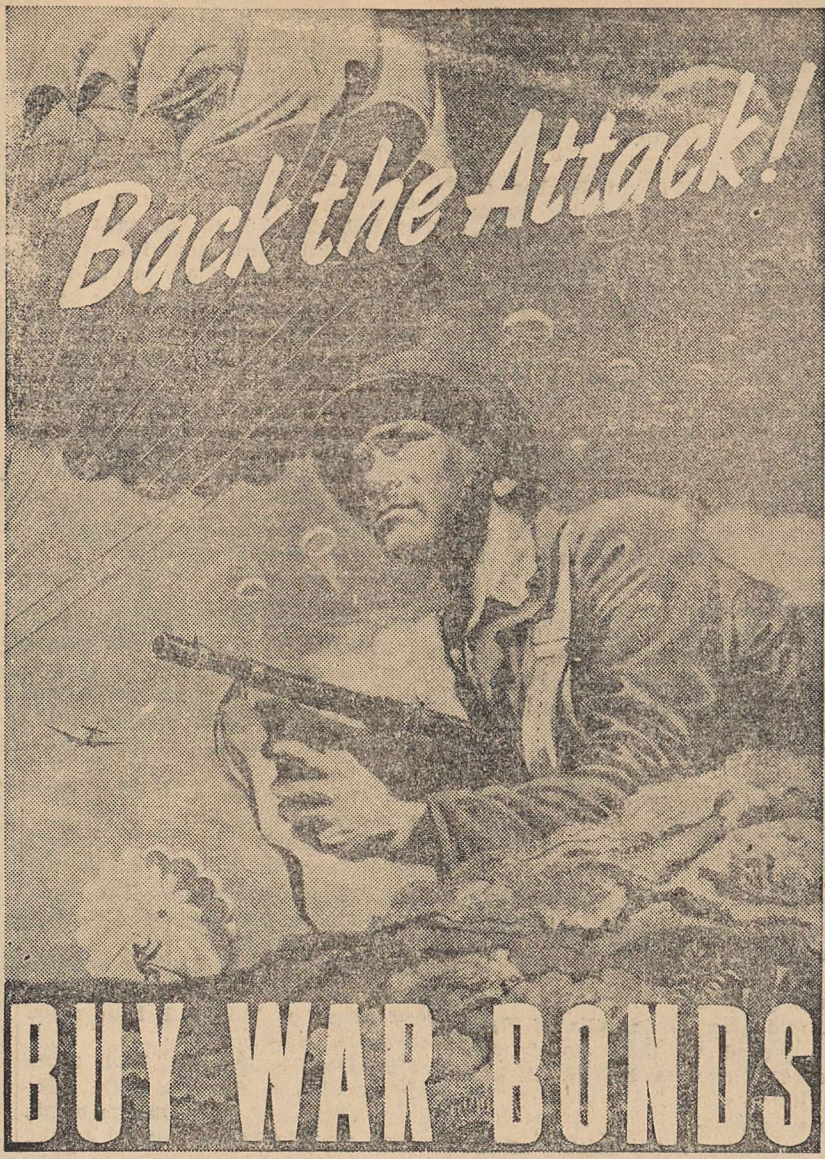

*All envelopes ride on the flap edge when going through the sorting and cancelling machines at the Post Office.

True Tranquillity

It is sometimes said that this is an age of noise, and it is probable that never before have there been so many agencies through which sound is disseminated. The noise of traffic, the roar of aircraft, even the boom of guns and the explosion of bombs, have become commonplace in the daily experience of countless people; while in many factories the workers live in an incessant reverberation. What wonder that men long for quiet, as perhaps never before!

This reaching out for quiet is, however, but a symbol of the longing of the human heart for an anchorage, a place where the strife of conflicting thoughts can be stilled. The desire is not purely a product of wartime conditions, or of the speed and bustle of modern life, for long ago Job cried (23:3), "Oh that I knew where I might find him!" And almost as an answer to Job's anguished call, Elihu declared (34:29), "When he giveth quietness, who then can make trouble?"

The quietness which God gives is a mental condition, not just an absence of material sound; it springs from a complete reliance on God, a rest in His love. Jesus attained this true tranquillity during many solitary periods spent in communion with his Father; and he brought it with him into the crowded hours of his day. When he was thronged by the people who pressed upon him for healing, it gave him poise and authority to overcome the ills which were presented so vividly to him.

Can we, too, gain this serenity of heart amid all the pictures of fear and danger, amid the noise and turmoil of these latter days?

The prophet Isaiah depicts God as saying (32:18), "My people shall dwell in a peaceable habitation, and in sure dwellings, and in quiet resting places." Surely this indicates a mental sojourning in the "secret place of the most High," a confidence in the all-embracing love of God. Such quietness and restfulness of thought in an individual, brings balm and comfort to those with whom he comes in contact, so that to them also the clamor of material living becomes fainter and less insistent.

In "Retrospection and Introspection" Mary Baker Eddy has written (p. 93), "The best spiritual type of Christ's method for uplifting human thought and imparting divine Truth, is stationary power, stillness, and strength; and when this spiritual ideal is made our own, it becomes the model for human action." Spiritual power, not located in one place, but filling all space, is the source from which we draw strength, and that stillness in which we recognize the presence of God. This recognition makes one willing to leave all in His keeping, happy and content to see His purpose being worked out in human action. We must, however, make this spiritual ideal our own, not take it on trust from another's experience; and to do this the urgings of material sense must be silenced, and we must strive for that listening attitude of thought which can receive each indication of the Father's will. Thus quietly, yet confidently, we may expect to hear the needed direction, and rest satisfied.

—The Christian Science Monitor.

TRIBUTE IS PAID PUBLIC BY HEAD OF PACIFIC T. AND T.

Tribute to the efficient performance of telephone people and to the public's cooperation in wartime telephone service, was paid by N. R. Powley, president of the Pacific Telephone and Telegraph Company in announcing the company's quarterly dividend declarations, according to A. P. Leitch local manager of the company.

Mr. Powley stated: "The board of directors declared for the third quarter of the year \$1.50 per share on the preferred share and \$1.75 per share on the common shares, resulting in dividend declarations on the common shares for the first three quarterly periods of \$4.50 per share as compared with \$4.75 per share for the corresponding periods of last year.

Traffic volumes continue at unprecedented levels with the gross revenues resulting, however, in limited betterment in net income because of the increase in operating expenses, particularly taxes and wage expenditures.

"Our operating personnel in the face of the largest task with which it has ever been confronted with all of its attendant difficulties is performing in a magnificent way and the shareholders may well take pride, as I do, in its efficient and courteous performance. The public's cooperative recognition of our wartime traffic problems is inspirational to all of us and we gratefully acknowledge its sympathetic and understanding attitude."

864 CASES OF INFANTILE PARALYSIS ARE REPORTED

SACRAMENTO, Sept. 16.—(UP)—Between January 1 and August 1, 864 case of infantile paralysis were reported in California, the state department of public health revealed today. The department said the peak was reached the last week of July when 150 cases were reported.

IT PAYS TO ADVERTISE IN THE SUN

THE CALENDAR, not the speedometer, is the safe oil change guide these days—regardless of how few "A" coupons you've had to use.

Dust and abrasives your engine has "inhaled" during the past two months can turn oil into a destructive "liquid sandpaper."

And shorter, slower trips don't stop oil dilution from condensation of water or seepage of unburned gasoline into the crankcase.

So be sure! Order fresh, clean, safe Golden Shell motor oil with every new number in your "A" book.

FDR says:

Payroll savings is our greatest single factor in protecting ourselves against inflation.

Dale Carnegie

COURTESY ON THE TELEPHONE

Do you want to make a good impression over the telephone? The New York Telephone company furnishes some helpful hints. Follow them, if you want to develop your telephone personality:

"Over the telephone it's more important to speak with-out haste—and distinctly—than when facing your listener. This is because he receives no aid from watching your face, and seeing your gestures.

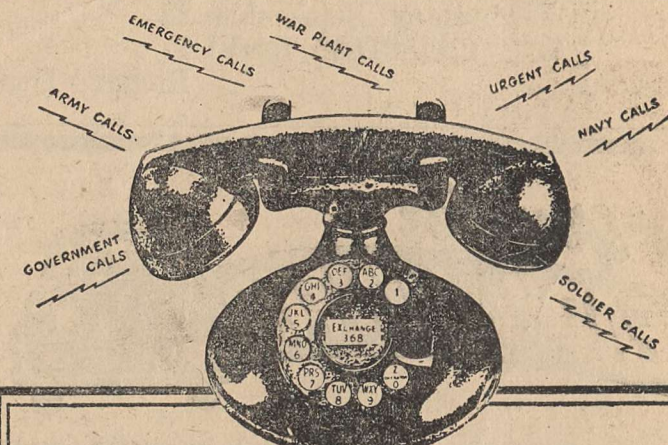

"People once thought they had to talk fast over the telephone or their time would be up before they were through. When talking at an ordinary rate a person averages about 378 words in three minutes, or 126 words a minute. If you try to 'talk a blue streak' the chances are you won't make yourself nearly as well understood, and will have to use up valuable time saying things over again.

"Telephone speech should be neither too fast nor too slow. If too fast, words are jumbled, parts of words are lost to the ear, and bad sounding forms creep in—'wajado,' for 'what did you do,' and so on. If too slow, the words sound disconnected, and lose meaning and interest for the listener.

"Ordinarily, the very act of speaking clearly will tend to prevent your talking too fast."

Here are some specific and useful hints:

1. Answer all calls promptly. Nothing is more irritating to the other fellow than having to wait for you to answer.
2. Use an identifying name—the firm (or department) name, and your own. Cut out the time-wasting, "Hello."
3. Speak distinctly and about as loud as in ordinary conversation. Don't mumble—don't whisper—don't shout. Don't try to talk with a cigar, pipe or pencil in your mouth.
4. Don't transfer a call to someone else if you can take care of it. The other fellow won't want to go over the same ground twice.
5. Keep a pad and pencil near. It makes a bad impression when you say—"Wait a minute. I want to get some paper and make a note of that."
6. Be courteous. Don't interrupt, argue or show impatience! Show your interest by your responses and a pleasant tone of voice. Get his viewpoint. Remember, when you're talking to a customer his impression of you is what YOU make it.

"How can I know when Long Distance lines are busy?"

- The operator will tell you.
- When the Long Distance circuit you want is crowded, she will say—"Please limit your call to 5 minutes. Others are waiting."
- We know you'll be glad to co-operate and keep your call below 5 minutes—or perhaps even cancel it if it is not important.

Masons to Have Party—

On Tuesday evening, September 21 the members of the Masonic Lodge and guests will be entertained by the Order of Eastern Star.

Visits Aunt—

Mr. and Mrs. Gordon Graves of Oakland are visiting the latter's aunt, Mrs. Edith Fay.

Hunting Here—

Mr. and Mrs. William Kocher of Chico were in Truckee this week meeting local friends while on a hunting trip near Sierraville. The former was employed at the state checking station west of Truckee several years ago.

At Hobart Mills—

Mr. and Mrs. Rex Moore and two children from Sacramento were the guests of Mr. and Mrs. Harry Lansberg at Hobart Mills last week.

To Capital—

Mr. and Mrs. J. W. Cartwright, former local residents and more recently of Lincoln have moved to Sacramento.

To Attend School—

Mr. and Mrs. Fred Tassano plan to vacation at Stockton and the latter will also attend school in conjunction with his work at the CAA station on Donner Summit.

Hunting —

Mr. and Mrs. Frank Titus went on their annual hunting trip in the Tahoe district today.

Vacationers—

Mr. and Mrs. George Cooper of Oakland are enjoying several days of hunting and fishing this week. Cooper is a railway mail clerk in this area.

Returns Home—

Mr. and Mrs. J. Langille of Berkeley returned to their home after a recent visit with the H. T. Langilles here.

From Modesto—

Mr. and Mrs. John Egger of Modesto have been visiting at the home of the Walter Barretts this week.

REV. WILLIS FETED ON 80TH BIRTHDAY

SPARKS, Nev., Sept. 16.—The 80th birthday anniversary of Rev. P. H. Willis, pastor emeritus of the First Methodist Church of this city, was celebrated at the morning services at that church Sunday. Rev. Willis was the guest speaker and delivered a sermon on the wealth of experience on the topic: The Name that is Above All Names.

Many friends of long years standing were in attendance to show their appreciation of the long years of service this fine old man to his church and community. Rev. Willis is the only protestant minister who started and ended his career in Nevada and eastern California in the district known as the old Nevada Mission.

Rev. Willis was pastor of the Truckee Community Church seven year ago.

Church Notes

Catholic Church
Rev. William Daly, Pastor

8 a. m. Mass at Truckee church.
10 a. m. Mass at Tahoe City.
12 noon, Mass at Al Tahoe.

Community Church
Mrs. Hazel Brandlin in Charge

10 a. m. Sunday school. Classes for all. Lesson—What God Wants Our Nation to be.
11 a. m. Morning worship.

The Summit Scene

By Frances Couillard

Donner Summit Lodge entertained a few celebrities during the past few weeks among them being Adjutant General R. Hayes and Congressman Anderson and family of San Juan Bautista.

The hills are full of red caps and today the hills resound with repercussions from the Sport of Kings. However, this year the hunting season becomes a little more understandable to those who would preserve our wild animal life. With ladders empty in the cities and points scarce many men who haven't toted a gun in years are out to become the family providers in the old fashioned way. Getting their deer this year becomes a necessity instead of a sport. Good legal meat without points.

The Mountain top folks are responding to the call of the War Bond Drive. Nan Liebert, Muriel Jones and Frances Couillard are all pitching off Arthur Couillard who is out to make a record for bond selling on the mountain. Anyone who is interested in doing their bit (and who isn't?) please contact any of the above and let's put this drive over one thousand per cent.

Frances Couillard (your scribe) went to Sacramento for a week's rest at the home of her parents, the W. L. Hacks, and spent most of the time in bed with the flu.

Hannes Schroll and his new wife are spending some time at the Sugar Bowl after a delightful honeymoon at Pebble Beach.

The Donner Summit Red Cross has completely finished with their first allotment of yarn—the garments having already been returned to the Red Cross center at Auburn. They are all looking forward to a new allotment. Much credit is to be given these women under the direction of Eleanor Johnson for not one of them had ever knitted before.

Dr. Carl Watson, the Reno photographer and incidentally chiropractor dropped in to visit his friends on the mountain last Sunday evening.

Also on the mountain were seen George Stiles, Van Evera and a few others of the old Soda Springs personnel.

Stanley Koller —Koller Construction Company—and his family spent the weekend at Donner Summit lodge.

In England oranges are reserved for the use of children under five and the little ones are allowed four eggs for every one given the ordinary consumer.

THANKS COUNTY VOTERS

I wish to thank the voters of Nevada County for their support of my candidacy for congress at the special election recently. The splendid vote I received throughout the district will always be an inspiration to me in whatever my future endeavors may be. I also wish to congratulate Senator Clair Engle upon his election and extend to him every good wish in his new work.
